POSSIBILITY FOR SPONSORSHIP, PRESENTATION AND ADVERTISING

Conference

We have great pleasure to inform you that **COSMO 2010 Energy Efficiency Conference** (COSMO 2008 EEC) will be held in Skopje, Macedonia, on 3 June, 2010 year. „Energy Efficient Construction,, is the title of the conference this year.

Innovative use of insulating building materials, lighting techniques, energy efficient windows and doors in combination with advances solar, photovoltaic systems, advances sensors and control systems for air conditioning, power from small cogenerative systems will contribute to drastic changes in projecting and construction of modern residential and business objects. New technologies will contribute to new building consume less energy while reducing the impact of CO₂ emissions and negative environment impacts.

Building partnerships to implement new technologies in the energy efficient construction is a priority of the **COSMO 2010 Energy Efficiency Conference**. The conference is a place where over 150 representatives of the public sector, small and medium enterprises from the Republic of Macedonia and the South East Europe region, as well as experts from EU will meet. The conference consists of an educative part, as well as a B2B forum for exchanging knowledge, experiences and ideas on technical, economic and legal issues that will affect the future of energy efficient construction.

We invite you to join us at the conference as a sponsor or as a participant. **COSMO 2010 Energy Efficiency Conference** offers a unique opportunity to your company for a meeting with the present and future clients from the business sector or public sector in the Republic of Macedonia. The conference presents an ideal opportunity for promotion and presentation of your company.

There are a number of reasons why your company should participate in **COSMO 2010 Energy Efficiency Conference**:

- You get marketing promotion and branding in front of a selected audience, with a possibility of face to face contact with your chosen clients
- Positioning as a leader on the market
- Increasing of the recognition of your brand
- Creation of new partnerships and cooperation
- Presentation of your products in front of a target audience, especially managers who make decisions

POSSIBILITY FOR SPONSORSHIP

There are different ways of sponsorship that we offer to the companies which want to promote themselves at **COSMO 2010 Energy Efficiency Conference**. The benefit that you will get from sponsoring the conference depends on the type of sponsorship. Considering the fact that the sponsors have different needs, we try to adapt the sponsorships according to the individual needs of the sponsors.

However, we guarantee that all sponsorships of **COSMO 2010 Energy Efficiency Conference**, will contribute to:

- Building recognition of the company on the market
- Increasing of the number of clients of the company after the event
- Establishing cooperation with prominent professionals and experts from Macedonia and EU
- Giving a service or a present during the conference that will be appreciated by all participants

POSSIBILITY FOR PRESENTATION

During the conference a commercial presentation is possible. We also enable presentation of the web page at the conference and in the brochure for the conference.

COSMO 2010 Energy Efficiency Conference offers the possibility for commercial presentation of the sponsors, participants and those who cannot participate in the conference. Your advertising message will be communicated to all participants at the conference, to those who will visit the web site of the conference, those who will get written invitations with a brochure printed in 2.000 copies, and also those who will be officially electronically invited through our base of 30.000 e-mail addresses.
